

THE PRESS.

THURSDAY MORNING, JAN. 20.

WIT AND WISDOM.

Douglas Jerrold was enjoying a drive with a well-known and jovial spendthrift. "Well, Jerrold," said the driver of a very fine pair of horses, "what do you think of my grays?" "To tell you the truth," replied Jerrold, "I'm thinking of your team!"

A Baltimore negro who emigrated to Liberia years ago ordered a quantity of Dr. Bull's Cough Syrup, stating that he didn't like to be without it. "J. E. Meade, U. S. L. H. Keeper, Port Carroll, Md., says—'Salvation Oil cured me of rheumatism.'"

Young man (to publisher)—Did you accept that matter I mailed you last week? Publisher—Yes. Young Man—Didn't know. I received no check for it.

Publisher—You put no price on it. Young man—I said send me what you thought it was worth. Publisher—Well, that's what I sent.

There is no article in the line of medicines that gives to a person a return for the money as a good person strengthening plaster, such as the Smart and Well-Belladonna Plaster. Plaster.

Well, that's just like the cheek of foreign aristocrats. "What?" asked the cheek of foreign aristocrats. "What?" asked the cheek of foreign aristocrats. "What?" asked the cheek of foreign aristocrats.

Why don't you try Carter's Little Liver Pills? They are a positive cure for sick headache, and all the ills produced by indigestion. Liver. Only one pill a dose.

Thompson—Supposing a man should call you a liar, what would you do? (Heedlessly)—Well, either I—what should I do?

Lydia E. Pinkham's Vegetable Compound is a positive cure for all those weaknesses so common to our best female population.

Dr. Smith (picking up his last shot)—French bird (looking at the shot)—Ah, he is bigger bird than you English—No, he is bigger bird than you English. And his bill is longer than yours.

"Look here," said a man going into his grocer's, "these eggs you sold me last week were bad." "Well, that was my fault." "What was it?" "Blamed if I know. I'm a grocery man, I am. I'm no mind reader."

A Conial Restorative. Hostetter's Stomach Bitters are emphatically a conial restorative. The changes which this great tonic remedy produces in the disordered organism are always agreeable, the effect is progressive, never abrupt and violent. On this account it is admirably adapted to persons of delicate constitution and nervous system, to whom the powerful mineral drugs are positively injurious.

It is in these processes which result in the restoration of health that the value of the remedy is shown in cases where it is taken to overcome such conditions of debility, indigestion, constipation, etc., as usually result from the use of such remedies. Through digestion, regular evacuation and abundant secretion, the system is brought into a normal and healthy condition, and the first disease is cured.

Brown (who is not over partial to soap and water)—I've got a lot of real estate on my hands that I'd like to get rid of.

Fogg—Why don't you try it? If that doesn't do it, I'll take you to court. You could take a knife and scarp some of it off.

AN AGE OF PROGRESS. This is an age of progress. The race grows with experience, and the progress of the race is the progress of the world. The progress of the race is the progress of the world.

FINANCIAL AND COMMERCIAL. REVIEW OF PORTLAND WHOLESALE MARKET FOR THE WEEK ENDING JAN. 19.

The business of the market is generally quiet, with nothing more than fair. Our markets present few changes, one of the most important of which is the advance in flour. Lehigh and Chestnut are now selling by the carload at \$10.00 per ton, though one concern we are told sold for \$7.50, which is 50c above the market price; Franklin is quoted at \$6.00. Some of the best flour is sold for fair price but, as a rule, stocks are very light.

At these prices, the Boston Herald says, "there is still a good supply of flour here, considering the conditions of the market." It is true, but it is less true, in spite of all the above about a coal famine, that there will continue to be a coal famine in Boston, with no danger that the stocks of coal will go to without sufficient coal for domestic purposes.

The position of the iron market is very firm; the recent rise is fully maintained, and further advance in all classes is expected. No pig iron at shipping ports is higher at \$22.50 per ton, while No. 1 iron is quoted at \$20.00 per ton. Gray iron has also taken a turn upward, and some brands are held at \$10.00. The market for Western iron is still a sharp advance, and some brands are held at \$10.00. The market for Western iron is still a sharp advance, and some brands are held at \$10.00.

At these prices, the Boston Herald says, "there is still a good supply of flour here, considering the conditions of the market." It is true, but it is less true, in spite of all the above about a coal famine, that there will continue to be a coal famine in Boston, with no danger that the stocks of coal will go to without sufficient coal for domestic purposes.
